### Preparation:

- download the case study cards PDF, photocopy and cut out the cards.

- 1 On the interactive whiteboard, look at the **information on Shelter's work**. Is it what the class expected? What sort of work did they think Shelter do?

- 2 On the interactive whiteboard, watch the film **'See how Shelter helps'**.

- 3 Divide the class into pairs and distribute the **case study cards**. Each pair must roleplay the case study, deciding which of the three outcomes they think is most likely. A Shelter 'caseworker' is an expert adviser on housing law, the 'client' is a member of the public with a housing problem.

- 4 On the interactive whiteboard, look at the **real results of the cases**. Are the class surprised by any of the results?
